Judging Wednesday AM

RULES

1. In selecting vegetables for exhibition, choose such specimens that would bring the highest market price. Do not select the largest; select medium size specimens. If at all possible, do not mix varieties. Plates for displaying the vegetables are supplied by the fair. **All entries must have been grown by the exhibitor.**
2. **Entries must be made between noon and 9 PM on Tuesday.**
3. The following factors are generally used by an expert vegetable judge.
 - a. Trueness to variety type. If at all possible, pick the specimens from one variety.
 - b. Uniformity in shape, size and color.
 - c. Be sure to pick out a perfect specimen, then select the others as similar to it as possible. Never mix specimens of different maturity.
 - d. Protect from dirt, disease, infection, and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
 - e. Condition and maturity. Be sure that exhibits are high in quality.
4. Read premium material, carefully following all rules and regulations. If an entry calls for 5 specimens, be sure to exhibit that number, do not enter 4 or 6. In any instance, your exhibits will be disqualified if the correct number of specimens are not entered.
5. **Vocational and 4-H see Dept.10**
6. **Youth Under 19, Dept. 11, see Dept 10 Section A-13 for qualifying classes.**
7. Youth Dept. 10 or Dept. 11 may not enter duplicate exhibits in Adult category.
